

NFP4Health Executive Committee and External Advisory Board Meeting in Venice

16th-17th May 2022

Executive Committee and External Advisory Board Meeting took place on May 16th-17th, 2022 in Venice, Italy. During the two days conference, participants learned about the Joint Action NFP4Health work packages work and outcomes. As this marked the first face-to-face meeting of the Joint Action, participants had chance to finally meet in person and exchange information and experience.

The NFP4Health joint action aims calls for creation of an innovative, sustainable and coherent network of NFPs that will provide guidance, information and assistance to national applicants on the implementation of the 2021-2027 EU4Health programme. The Joint Action NFP4Health brings together partners from 22 countries.

Each work package presented its state of the art and ongoing activities. The amendment of which adoption is expected in upcoming weeks was presented by ProMIS who is in charge of preparation of the amendment documentation. Main elements to be modified involve the change of project coordination, change of project partner, prolongation of the project of 4 months and respective budget shift as well as deliverables/milestones rescheduling. The project visual package/identity formed by logo, letterheads, PPT template, deliverable template and agenda template was introduced. The project website with its initial structure was displayed to project participants. The webpage as a crucial hub for information on the EU4Health programme and JANFPs materials, presentations and deliverables. Training plan composed of online and on site meetings aiming at pumping up technical and soft skills of NFPs and eventual stakeholders along with twinning programmes was introduced.
