OBJECTIVES

**ACTIONS AND
INSTRUMENTS**

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

ECOSYSTEMS/STAKEHOLDERS

Health in All Policies (HiAP) promotes an integrated policy response to support health equity, with a **strong programmatic and financial coordination of many different actors.**

ACTORS: different DGs (SANTE, RTD, CNECT, ECHO, GROW, INTPA, etc) and partial participation of the social fund and structural fund in health research.

NEED: to involve a key group of stakeholders to synergize and boost the use of all the health related EU funds/programs leading to sustainable and resilience health systems.

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

OBJECTIVES

- 1) Capacity of NFPs to **promote the EU4Health Programme**
- 2) **Communicate and disseminate** the EU4Health Programme in the local communities
- 3) **Create connections** with other health-related EU-funding at national/regional/local level.
- 4) Capacity of NFPs to **create new instruments, synergies**, involve new stakeholders and communities

TARGET: national applicants, other EU health related organizations, stakeholders/ecosystems

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

ACTIONS AND INSTRUMENTS

- **Synergies and networking** with other European health- related funds to develop the concept of “health in all policies”
- **Capacity Building.** Training needs of NFPs focused on the EU4Health, making use of state-of-the-art technologies for online training. The training programme will target technical and soft skills. Technical skills: available funding mechanisms addressing programming, rules of participation and regional cooperation and synergies among others. Soft skills: practical and innovative methods/tools to engage and support stakeholders, priorities benchmarking.
- **Tools and services for cross-programme collaboration.** A dedicated Platform for NFPs, connected with the DG Sante website, will be created to facilitate interactions among NFPs for the duration of the JA, which will be included within the EU Health Policy Platform after the finalization of the JA
