This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.

# RECOMMENDATIONS

- Take advantage of complementarities with regional/ national/ EU programmes (ERDF, ESF) and EU level programmes (EU4Health, Horizon Europe) to continue developing 'Healthcare provision', 'Social inclusion', 'Innovation' 'Training and networking'.
- Develop synergies between projects using the combined potential of their outputs to multiply their effects.
- Organise inter-programme thematic meetings and exchanges to develop synergies between projects not only within their respective programme, but also between projects funded by different programmes.
- Encourage project actors to answer new needs such as mental issues in young people, going beyond the explored topics when necessary.
- Adopt a more structured territorial approach by creating functional cross-border public health services when possible.

This presentation is part of the action "NFP4Health" which has received funding from the European Union's Health Programme (2014-2020) under grant agreement No 101035965.
