Synergies/Results: EU Civil Protection Mechanism's rescEU medical stocks funded by the Health Emergency Preparedness and Response Authority (HERA)

- From 2024, Lithuania will provide a facility to accommodate the European Union medical stockpile provisions required to manage cross-border threats and to ensure an effective response to crises at the Community level.

- As part of the rescEU project, Lithuania will set up a warehouse to store medical supplies to meet the requirements of the EU Civil Protection Mechanism.

- The European Commission will allocate 97 million euros for the provision of this facility.

EU funds further strategic reserves for medical, chemical, biological and radio-nuclear emergencies worth €690 million

© European Union, 2023 (photographer: Daria Ortiz Suardy)

The Commission is allocating today around €690 million to Czechia, Finland, France, Lithuania, Poland, Portugal and Romania to further develop the rescEU strategic reserves of medical and chemical, biological, radiological and nuclear (CBRN) items.
